## **8.1 CONCLUSION**

It has been a great pleasure for us to work on this exciting and challenging project. This project proved good for us as it provided practical knowledge of not only programming in asp.net application and no some extent Windows Application and SQLserver, but also about all handling procedure related resort booking.

It also provides knowledge about the latest technology used in developing web enabled application and client server technology that will be great demand in future. This will provide better opportunities and guidance in future in developing projects independently.

In my project PGH Resort Booking is easy for users to book resort packages. In it, the user will get all information related to the resort. PGH Resort Booking is for user can book resorts package from here.
