CONCLUSION

- It has been a great pleasure for us to work on this exciting and challenging project. This project proved good for us as it provided practical knowledge of not only programming in PHP application and no some extent Windows Application and MYSQL, but also about all handling procedure related with "job searching".

- It also provides knowledge about the latest technology used in developing web enabled application and client server technology that will be great demand in future. This will provide better opportunities and guidance in future in developing projects independently.

- Our project GAURAV FURNITURE is website useful to users who want to purchase furniture .The user have to provide their details before purchase a furniture. In today's people are so busy that he/she has no time for visit furniture shop and then do purchase, if user do that it is quite expensive and more time will consume.
